Health and Safety

The use of any electrical appliance requires the following common sense safety rules. Please read these instructions carefully before using the product.

Please read these instructions carefully before using the product.

- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, if they have been given supervision or instruction concerning the use of the appliance in a safe way and understand the hazards involved.
- Children shall not play with the appliance.
- Cleaning and user maintenance shall not be made by children without supervision.
- Keep the appliance and its cord out of reach of children.

Location

- This appliance is intended to be used in household and similar applications such as: farm houses; by clients in hotels, motels and other residential type environments; bed and breakfast type environments. It is not suitable for use in staff kitchen areas in shops, offices and other working environments.
 - Always locate your appliance away from the edge of the worktop.
 - Ensure that the appliance is used on a firm, flat surface.
 - Do not use the appliance outdoors or near water.
 - **WARNING: Do not place the appliance onto a metal tray or metal surface whilst in use.**
- Always pour hot water slowly and carefully without tipping the appliance too fast to prevent splashing and spillage.
 - **WARNING: Do not open the lid whilst the water is boiling.**
 - Do not hold the switch in the on position or tamper with the switch to fix it in the on position as this may cause damage to the switch-off mechanism.
 - Unplug from the outlet before cleaning.
 - Allow to cool before putting on or taking off parts and before cleaning.
 - Do not move the kettle while switched on.

Mains cable

- Do not let the mains cable hang over the edge of the worktop where a child could reach it.
- Do not let the mains cable run across an open space e.g. between a low socket and a table.
- Do not let the mains cable run across a cooker or other hot area which might damage the cable.
- The mains cable should reach from the socket to the base unit without straining the connections.
- If the mains cable is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified person in order to avoid a hazard.

Personal safety

- **WARNING: To protect against fire, electric shock and personal injury do not immerse cord, plug and appliance in water or any other liquid.**
- Always keep the top of the cordless base dry, especially around the connection area, disconnect the power supply before drying. Allow to dry thoroughly before reconnection to the power supply.
- Do not fill above the MAX mark, otherwise boiling water may be ejected.

Other safety considerations

- The use of attachments or tools not recommended or sold by Morphy Richards, may cause fire, electric shock or injury.
- The kettle is only to be used with the stand provided.
- Do not use the appliance for any use other than to boil water.
- Do not place the appliance on or near a hot gas or electric burner or in a heated oven.
- The appliance must not be on the base unit when being filled with water.
- Unplug from the outlet when not in use.
- **WARNING: The appliance must not be immersed for cleaning.**
- **CAUTION:** To prevent damage to the appliance, do not use alkaline cleaning agents when cleaning. Use a soft cloth and detergent.

Electrical requirements

Check that the voltage on the rating plate of your appliance corresponds with your house electricity supply which must be A.C. (Alternating Current).

Should the fuse in the mains plug require changing, a 13 amp BS1362 fuse must be fitted.

WARNING: This appliance must be earthed.

Getting the best from your new kettle...

Empty the water out of the kettle after first boiling

To clean away any deposits that are left in the kettle after the manufacturing process.

Descale as appropriate for the hardness of the water in your area

It is important to descale as the performance of the kettle and auto switch-off will be impaired.

Safety first

Always pour water slowly and carefully to prevent the splashing of scalding water.

Fast boil kettles perform differently

If your kettle is a fast boil model, it may sound louder during boiling, and switch off suddenly with no after noise - this is normal.

Treating scalds

- Run cold water over the affected area immediately. Do not stop to remove clothing, get medical help quickly.

Features **A**

- 1 Lid
- 2 Lid knob
- 3 Spout filter
- 4 360° connector
- 5 Cordless base unit
- 6 Cord storage
- 7 On/off switch
- 8 Power on neon
- 9 Water level indicator
- 10 Whistle on/off switch (Depends upon model)

Using

Filling the kettle

- 1 Wherever possible fill through the spout, as this helps to free the filter from limescale build-up.
 - The integrated water level indicator allows you to easily see the amount of water in the kettle.
 - Always ensure that the level of water in the kettle is filled to at least the minimum level shown on the water gauge. Should your kettle not have a water gauge, always ensure that the element is covered.
 - Boil only as much water as you need as this saves electricity.
- 2 Place the kettle on the base unit, ensuring the kettle locates on to the 360° connector.
 - The 360° connector allows the kettle to be located at any position. - ideal for left and right handed users and for convenient positioning on the worktop.

- 3 Plug in and switch on at the wall socket.
- 4 Switch the kettle on. The 'power on' neon will light up.
- 5 When the water boils the kettle will switch off automatically.
- If you are using the kettle for the first time, pour away the boiled water and refill.
- 6 Lift the kettle from the base unit by the handle ensuring you hold the kettle level.
- To re-boil, switch to ON again. If the kettle has just switched off wait a minute or so before switching it back on again.
- If you do not put in enough water, or switch on the kettle when it is empty, the safety cut-out will switch off the power automatically. If this happens, refill and wait a few minutes for the element to cool, then use as normal.

Filter removal

- 1 Open the lid.
- 2 Lift the filter upwards from its holder.
- 3 To refit the filter, slide it into the side wall guides of the filter holder until it clicks into place.

WARNING: Unless the filter is fitted correctly, the kettle lid may not close and lock securely.

Descaling

IMPORTANT: As this kettle is fitted with a concealed element it must be descaled regularly. The frequency of descaling depends on usage and the hardness of the water in your area.

Excessive scale can cause the kettle to switch off before boiling and may damage the element invalidating the warranty.

It is essential that regular descaling takes place.

Remove hard scale using a proprietary descaling product suitable for stainless steel kettles.

Alternatively use citric acid crystals (available from most pharmacies) as follows.

- 1 Fill the kettle 3/4 full, boil, then unplug the kettle (remove the cordless kettle from the base unit) and stand it in an empty sink or bowl.
- 2 Add 50gm of citric acid crystals to the water gradually, then leave the kettle to stand. Do not use a more concentrated solution.
- 3 As soon as the effervescence subsides, empty the kettle and rinse it thoroughly with cold water.
- 4 Wipe the outside of the kettle thoroughly with a damp cloth to remove all traces of acid which may damage the finish.

IMPORTANT: Ensure that the electrical connections are completely dry before using the kettle.

Cleaning

WARNING: Always disconnect the plug from the mains and allow the kettle to cool before cleaning.

CAUTION: To prevent damage to the appliance do not use alkaline cleaning agents when cleaning, use a soft cloth and a mild detergent.

Wipe the outside with a damp cloth.

IMPORTANT: Do not use abrasive cleaners on the outside of the kettle which may scratch the surface.

Whistle feature

- There is a switch  on the cordless base of the product that can switch the whistle on and off as desired.

THIS SECTION IS ONLY APPLICABLE FOR CUSTOMERS IN UK AND IRELAND

REGISTERING YOUR TWO YEAR GUARANTEE

Your standard one year guarantee is extended for an additional 12 months when you register the product within 28 days of purchase with Morphy Richards. If you do not register the product with Morphy Richards within 28 days, your product is guaranteed for 1 year. To validate your 2 year guarantee register with us online at www.morphyrichards.co.uk

N.B. Each qualifying product needs to be registered with Morphy Richards individually. Please refer to the one year guarantee for more information.

YOUR ONE YEAR GUARANTEE

It is important to retain the retailer's receipt as proof of purchase. Staple your receipt to this back cover for future reference. Please quote the following information if the product develops a fault. These numbers can be found on the base of the product.

Model no.

Serial no.

All Morphy Richards products are individually tested before leaving the factory. In the unlikely event of any appliance proving to be faulty within 28 days of purchase, it should be returned to the place of purchase for it to be replaced. If the fault develops after 28 days and within 12 months of original purchase, you should contact the Helpline number quoting Model number and Serial number on the product, or write to Morphy Richards at the address shown. You may be asked to return a copy of proof of purchase. Subject to the exclusions set out below (see Exclusions), the faulty appliance will then be repaired or replaced and dispatched usually within 7 working days of receipt. If, for any reason, this item is replaced during the 1 year guarantee period, the guarantee on the new item will be calculated from original purchase date. Therefore it is vital to retain your original till receipt or invoice to indicate the date of initial purchase. To qualify for the 1 year guarantee, the appliance must have been used according to the instructions supplied. For example, crumb trays should have been emptied regularly.

EXCLUSIONS

Morphy Richards shall not be liable to replace or repair the goods under the terms of the guarantee where:

- 1 The fault has been caused or is attributable to accidental use, misuse, negligent use or used contrary to the manufacturer's recommendations or where the fault has been caused by power surges or damage caused in transit.
- 2 The appliance has been used on a voltage supply other than that stamped on the products.
- 3 Repairs have been attempted by persons other than our service staff (or authorised dealer).
- 4 The appliance has been used for hire purposes or non domestic use.
- 5 The appliance is second hand.
- 6 Morphy Richards are not liable to carry out any type of servicing work, under the guarantee.
- 7 Plastic filters for all Morphy Richards kettles and coffee makers are not covered by the guarantee.
- 8 Batteries and damage from leakage are not covered by the guarantee.
- 9 The filters have not been cleaned and replaced as instructed.

This guarantee does not confer any rights other than those expressly set out above and does not cover any claims for consequential loss or damage. This guarantee is offered as an additional benefit and does not affect your statutory rights as a consumer.

YOUR INTERNATIONAL TWO YEAR GUARANTEE

This appliance is covered by two-year repair or replacement warranty.

It is important to retain the retailers receipt as proof of purchase. Staple your receipt to this back cover for future reference.

Please quote the following information if the product develops a fault. These numbers can be found on the base of the product.

Model no.
Serial no.

All Morphy Richards products are individually tested before leaving the factory. In the unlikely event of any appliance proving to be faulty within 28 days of purchase it should be returned to the place of purchase for it to be replaced.

If the fault develops after 28 days and within 24 months of original purchase, you should contact your local distributor quoting Model number and Serial number on the product, or write to your local distributor at the addresses shown.

You will be asked to return the product (in secure, adequate packaging) to the address below along with a copy of proof of purchase.

Subject to the exclusions set out below (1-9) the faulty appliance will then be repaired or replaced and dispatched usually within 7 working days of receipt.

If for any reason this item is replaced during the 2-year guarantee period, the guarantee on the new item will be calculated from original purchase date. Therefore it is vital to retain your original till receipt or invoice to indicate the date of initial purchase.

To qualify for the 2-year guarantee the appliance must have been used according to the manufacturers instructions. For example, appliances must have been descaled and filters must have been kept clean as instructed.

The local distributor shall not be liable to replace or repair the goods under the terms of the guarantee where:

- 1 The fault has been caused or is attributable to accidental use, misuse, negligent use or used contrary to the manufacturers recommendations or where the fault has been caused by power surges or damage caused in transit.
- 2 The appliance has been used on a voltage supply other than that stamped on the products.
- 3 Repairs have been attempted by persons other than our service staff (or authorised dealer).
- 4 Where the appliance has been used for hire purposes or non domestic use.
- 5 The appliance is second hand.
- 6 The local distributor are not liable to carry out any type of servicing work, under the guarantee.
- 7 The guarantee excludes consumables such as bags, filters and glass carafes.
- 8 Batteries and damage from leakage are not covered by the guarantee.
- 9 The filters have not been cleaned and replaced as instructed.

This guarantee does not confer any rights other than those expressly set out above and does not cover any claims for consequential loss or damage. This guarantee is offered as an additional benefit and does not affect your statutory rights as a consumer.

AUSTRALIAN WARRANTY

This appliance is guaranteed for 2 years against faulty material, components and workmanship.

This warranty is in addition and does not affect your statutory rights.

Proof of purchase must be produced for any warranty benefit.

In the unlikely event of any appliance proving to be faulty, securely pack and return the item to the place of purchase accompanied by the original receipt or invoice.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

NOT COVERED BY THIS WARRANTY

(Australian only)

- If the appliance has not been used in accordance with the manufacturers' recommendations or Instructions.
- If the fault is deemed to be caused by abuse, misuse, neglect, modifications or in proper use and or care
Eg: Kettles: Excessive build up of scale.
Toasters: Excessive build up of crumbs or foreign matter etc.
- Connection to incorrect voltage to that stamped on the product.
- Unauthorised repairs.
- Appliance used other than for domestic purposes.
- Excluding bags, filters, glass, carafes, and cutting blades.
- Freight and insurance costs.

If for any reason this item is replaced during the 2 year guarantee period, the guarantee on the new item will be calculated from original purchase date. Therefore it is vital to retain your original receipt or invoice to indicate the date of original purchase.

Morphy Richards's policy is to continually improve quality design and product quality. The company therefore reserves the right to change any specifications or to carry out modifications as deemed worthy at any time.

The Australian supplier reserves the right to repair, modify, exchange or replace the faulty appliance with the same or similar model or product of equivalent value.
