

**Model: SCG36**

| <b>No</b> | <b>Part No.</b> | <b>Description</b>                           |
|-----------|-----------------|----------------------------------------------|
| 1         | SB-591-A        | Door handle                                  |
| 2         | EB-56ECD9-02    | Stainless Steel strip on outer glass         |
| 3         | SB--538-B-1     | Outer glass                                  |
| 4         | SB-550-A        | Mounting bracket for outer glass - (2 of)    |
| 5         | SB-575-A        | Clip for door hinge - R/H side               |
| 6         | SB-589-A        | Middle door glass                            |
| 7         | SB-576-A        | Clip for door hinge - L/H side               |
| 8         | SB-HG           | Door hinge L/H and R/H                       |
| 9         | SB-522          | L/H side door frame                          |
| 10        | SB-530-A        | Middle door glass rubber supports - (2 of)   |
| 11        | SB-529-A        | Door seal for inner glass - (2 of)           |
| 12        | SB-531-A        | Door seal for door bottom frame              |
| 13        | SB-536-A        | Seal for water tray                          |
| 14        | SB-523-A        | Door bottom frame                            |
| 15        | SB-539-A        | Inner oven door glass                        |
| 16        | EB90-44-A       | Mounting bracket for upper door frame        |
| 17        | SB-521-A        | R/H side door frame                          |
| 18        | SB-524-A        | Upper door frame                             |
| 19        | SB-574-A        | Screw for upper door frame - (2 of)          |
| 20        | SB-SS-01        | S.S strip on control panel glass             |
| 21        | SB-537-B        | Control panel                                |
| 22        | SB-PCB-01       | PCB and display                              |
| 23        | SB-561-A        | PCB box                                      |
| 24        | SB-MB-01        | mounting brackets of control panel(4 of)     |
| 25        | SB-537-B        | Mounting board for control panel             |
| 26        | EB57-546-1      | Oven side handle - (2 of)                    |
| 27        | EB40-209-B      | Outer oven side panel - R/H side             |
| 28        | SB-565-A        | Top cover for water tank                     |
| 29        | SB-568-A        | Floater cover                                |
| 30        | SB-571-A        | Stay bar for floater                         |
| 31        | SB-590-A        | Floater                                      |
| 32        | SB-564-A        | Water tank - 1.2 litre                       |
| 33        | SB-527-A        | Sealing ring for water tank                  |
| 34        | SB-526-A        | Sealing ring for water outlet                |
| 35        | SB-566-A        | Outlet for water tank                        |
| 36        | SB-542-A        | Spring for outlet                            |
| 37        | SB-567-A        | Outlet connection                            |
| 38        | SB-570-A        | Water tray                                   |
| 39        | SB-525-A        | Door seal                                    |
| 40        | SB-555-A        | Fixing screw for back cover - 4 pcs          |
| 41        | SB-502-A        | Back cover for convection fan                |
| 42        | SB-584-A        | Fixing column for back cover - (2 of)        |
| 43        | EB40-221-A      | Round convection element - 1600 watts        |
| 44        | SB-533-A        | Plastic bracket for round convection element |
| 45        | SB-520-A        | Right support bracket                        |
| 46        | SB-552-B        | Baking tray                                  |

| No | Part No.         | Description                                                                            |
|----|------------------|----------------------------------------------------------------------------------------|
| 47 | SB-589-A         | Switch for water tank                                                                  |
| 48 | SB-583-A         | Mounting bracket for dry plate                                                         |
| 49 | SB-586-A         | Sealing ring for dry plate                                                             |
| 50 | SB-557-A         | 115 degree thermal cut-off - (2 of)                                                    |
| 51 | MHSF001          | Evaporated plate heater - 750 watts                                                    |
| 52 | SB-551-A         | Drain of water tray                                                                    |
| 53 | SB-515-B         | Door hinge mount - R/H side                                                            |
| 54 | SB-513-B         | Perforated steam tray                                                                  |
| 55 | SB-508-A         | Water tray                                                                             |
| 56 | SB-504-B         | Outer base plate                                                                       |
| 57 | SB-515-A         | Door hinge mount - L/H side                                                            |
| 58 | RL5-2            | Switch for door                                                                        |
| 59 | SB-519-A         | Left support bracket                                                                   |
| 60 | SB-534-2A        | Side rack - L/H side                                                                   |
| 61 | EB40-208-B       | Outer oven side panel - L/H side                                                       |
| 62 | SB-590-A         | Side sheet for inner cavity                                                            |
| 63 | SB-LM-01         | Lamp - 220-240V, 15 watts, T300oC, E14                                                 |
| 64 | SB-572-A         | water recycle elbow                                                                    |
| 65 | SB-553-A         | Outer cover for water tank                                                             |
| 66 | SB-579-A         | Support for switch of water tank                                                       |
| 67 | SB-573-A         | Outlet injector                                                                        |
| 68 | KA5              | Switch of water tank                                                                   |
| 69 | SB-509-ASB-534-2 | B Bracket for water tank outer cover                                                   |
| 70 | SB-534-2B        | Side rack - R/H side                                                                   |
| 71 | SB-588-A         | Connecting screw for side racks - (4 of)                                               |
| 72 | SB-INCAV-01      | Inner cavity                                                                           |
| 73 | SB-INSBL-01      | Insulation blanket - to cover inner cavity                                             |
| 74 | SB-588-A         | Exhausting cover                                                                       |
| 75 | SB-507-B         | Top panel                                                                              |
| 76 | SB-562-A         | Plastic bracket for cooling fan cover                                                  |
| 77 | SB-577-A         | Connecting column for wax motor                                                        |
| 78 | 11278-60         | Wax motor (it is a very professional name)<br>This motor control pressure of the steam |
| 79 | SB-558-A-3       | Thermostat for heating element                                                         |
| 80 | SB-539-A         | Mounting bracket for steam heating element                                             |
| 81 | SB-CO-200        | 200 degree thermal cut-off - (2 of)                                                    |
| 82 | SB-550-A         | Steam heating element - 1200 + 500 watts                                               |
| 83 | SB-528-A         | Sealing ring for steam heating element                                                 |
| 84 | SB-569-A         | Plastic cover for steam heating element                                                |
| 85 | SB-556-A         | Fixing sheet plastic cover                                                             |
| 86 | FPD-180J         | Magnetic valve                                                                         |
| 87 | EB40-212-A       | Outer top panel                                                                        |
| 88 | M7               | Magnetic pump                                                                          |
| 89 | SB-552-A         | Mounting bracket for magnetic pump                                                     |
| 90 | SB-518-A         | Insulation sheet for cooling fan                                                       |
| 91 | SB-575-B         | Cooling fan cover 1                                                                    |
| 92 | SB-535-2B        | Wire shelf / Grill rack                                                                |

| <b>No</b> | <b>Part No.</b> | <b>Description</b>                                       |
|-----------|-----------------|----------------------------------------------------------|
| 93        | HL-YZRF180-B    | Cooling fan                                              |
| 94        | SB-574-B        | Cooling fan cover 2                                      |
| 95        | SB-PCB-02       | PCB                                                      |
| 96        | SB-CO-82        | Thermostat (cut-off) - 82 degree                         |
| 97        | MB-341-A        | Top element - 1400 watts                                 |
| 98        | SB-532-A        | Bracket for top element                                  |
| 99        | SB-510-A        | Bracket for inner cavity                                 |
| 100       | SB-INSBL-02     | Insulation blanket - back                                |
| 101       | SB-516-A        | Cover for insulation blanket - back                      |
| 102       | SB-585-A        | Convection fan sealing ring                              |
| 103       | HL-YZWF4-B      | Convection fan motor and blade                           |
| 104       | SB-578-A        | Gasket for temperature control                           |
| 105       | SB-TC-01        | Temperature control inner cavity                         |
| 106       | EB40-213-A      | Outer rear cover                                         |
| 107       | XH-B-3          | Terminal block                                           |
| 108       | H05RR-F 3G1.5M  | M2 Power cord - 1.5m (3G1.5mm <sup>2</sup> , 15amp plug) |
